Annual E-governance Report (2020-21)

(Presented for Approval of Academic Council)

Use of information and Communication technologies (ICT) in organizations various departments for smooth functioning and provide better services to the users so that task of various departments can do efficiently. It is used as a platform for efficient, transparent and timely delivery of services to all stakeholders. In short the basic purpose is to bring transparency and efficiency in the various sections of the organization.

Objectives of the policy:

1. Implementation of e-governance will enhance the efficiency of the institution.
2. To reduce time and cost of administration
3. To maintain transparency, and to serve better and timely services to the stakeholders.

Policy:

The management after knowing the importance of e-governance in the institution, they have provided shown support. They strongly believes that only technology can enhance the efficiency in the work force. E-governance can play a vital role in achieving the objectives of the institution. Looking at this parameter we have applied E-governance in the following section

1. In the Examinations

For Paperless communication between university and college, university has developed it's own software for delivery of students exam Seat Numbers, Examination results, exam question paper. College Exam section uses university software to download the seat numbers, results, hall-tickets and exam question papers. Through this software, we can generate various reports-

2. Finance and Accounts

College finance and accounts department is partially e-governed. College office superintendent make advance request for next month's Salary budget through HTE – Sevarth Pranali (a government software portal). According to requested figure hard copy is submitted to regional Joint Director. Later on salary of teaching & non-teaching staff is credited in respective bank account of an employee.
